TRADE PRICE LIST

OF CHOICE

GLADIOLI

and Various Bulbs and Plants Grown by
JOHN LEWIS CHILDS

OUR Collection of Gladioli is the largest and finest in existence. Their cultivation is our leading specialty, and last season we grew 150 acres of them. All guaranteed first-class and true to name. We also offer a choice collection of home-grown Lilies, Iris, Cannas, and various Bulbs and Plants.

TERMS.—All bills due January 1st and June 1st. If not paid then interest will be added. Orders from unknown parties must be accompanied with cash or satisfactory reference. 10 bulbs given at 100 rates; 250 at 1,000 rates. A discount of 8 per cent. for cash with order, or 5 per cent. if paid within 30 days. All goods travel at risk of consignee.

Prices are F. O. B. Floral Park, N. Y. Advise how you want order shipped.

A very small charge will be made for Packing Cases and Barrels.

“BLANCHE”

Early Orders Will Secure the Finest Bulbs

John Lewis Childs

Floral Park, N. Y., U. S. A.

Our Grand Mixed Gladioli.

Our mixed *Gladiolus* are very fine indeed, being choice varieties only. All old and common ones have been discarded, and customers can depend upon having a large and magnificent variety of colors.

Pink and White Mixture (New)

This is the ideal mixture for the florist who wants something extra fine for particular trade. Some of our best whites and pinks are used, including "America." \$3.00 per 100; \$25.00 per 1000.

Blue Hybrid Seedlings.

This mixture is the result of sowing seeds of the best blue shades obtainable from Europe and the variation of colors is beyond description. Per 100, \$5.00; per 1000, \$40.00.

GLADIOLUS AMERICA.

GLADIOLUS "AMERICA."

THE PEER OF ALL GLADIOLI

GROWTH. By far the most vigorous and easily grown Gladiolus known. Strong and healthy, with luxuriant dark-green foliage and a freedom of growth and flowering surpassing all others.

FLOWERS. Spikes two to three feet long, erect with a great number of large spreading blossoms, all facing one way and showing a color the delicacy and beauty of which it is impossible to describe or reproduce. It is an exquisite soft lavender pink, very light, almost a tinted white; the color is the same as seen in the most exquisite Cattleya Orchids. No color like it in any other Gladiolus; none half so beautiful.

USEFULNESS. As a cut flower it is perfectly immense, lasting in water for a week or more, the great blossoms retaining full size and delicate coloring. For florists use and for bedding it is without a rival.

FOR FORCING. "America" forces easily and is the most profitable variety for that purpose. Its fine color makes it a ready seller at big prices.

"AMERICA" has been awarded Certificate of Merit by S. A. F., Washington, D. C.; Mass. Hort. Soc., Boston,; by American Institute, N. Y. City, N. Y. Florists Club, Rhode Island Hort. Soc., Connecticut Hort. Soc. Also used for decorating the Yacht "Mayflower" when Pres. Roosevelt received the Peace Envoys of Japan and Russia.

Strong Flowering Bulbs \$4.00 per 100. \$35.00 per 1000. \$162.50 per 5000.

"ALINE"

A Grand New White

GLADIOLUS

"ALINE"

One of the finest pure white sorts ever introduced.

The flower is pure white and very large bell shape well formed, on a strong spike. Extra.

\$3.00 per doz. \$20.00 per 100.

New Gladiolus for This Year.

The following fine sorts originated with us some years ago and are now named and described for the first time.

DOROTHY BURNHAM—(CHILDSI)—

Enormous size, rosy flame color with large pure white throat. Splendid.

PINK PEARL—(CHILDSI)—Light delicate pink, like a fine pink colored pearl. Exquisite.

ROSY SPRAY—(CHILDSI)—White, beautifully sprayed rose. Large and fine.

GEO. VOLLMAR—(GAND.)—Dark pink suffused orange with light yellow rays and throat. Very fine.

Price, 30c. each: \$25.00 per 100.

Attraction

Gladiolus Childsi

Tall and erect, standing four and five feet high, with spikes of bloom over two feet in length. They branch freely, in most cases each stem producing three or four spikes and bloom much earlier than ordinary varieties. The flowers are of great size, frequently seven to nine inches across. The form of both flowers and spike is perfection itself, and they last in bloom a long time before fading, owing to their great substance and vigor, but the most remarkable feature is the coloring. Orchids cannot surpass them in their varied and delicate shades, markings and blendings. Every color known among Gladiolus is represented, and many never before seen, particularly blues, smoky grays and purple blacks, all having beautiful mottled throats. The flowers are of charming spots and colors, and in this peculiar network of charming spots and colors lies one of its special points of unsurpassed beauty. They outrank all other Gladiolus in size of spike, size of bloom, vigor, varied and magnificent coloring and freedom of bloom.

| | Per 100 |
|---|---------|
| America —Large flower, flesh pink, beautiful..... | \$ 4 00 |
| Aline —A large wide open flower, pure white, slightly striped crimson or pink. Extra fine..... | 20 00 |

“Our Famous Eight.”

A collection of Gladiolus that will appeal to the most critical observer as being noted for *superior merit*.

- America**—Large flower, flesh pink, beautiful.
- Blanche**—Large flowers, pure snow-white, with but faint marks.
- Blue Jay**—(Baron Hulot)—The finest blue Gladiolus yet seen. It is a rich deep color of indigo shade.
- Contrast**—Flowers of great substance and a beautiful compact spike of perfect form. Color, intense scarlet with a large, distinct pure white center which is neither tinted or mottled. One of the most striking and beautiful Gladiolus ever introduced.
- Harlequine**—White and dark crimson freely suffused, striped, mottled and spotted.
- Melrose**—White flaked pink, bright crimson centre. Very large and fine.
- Sulphur King**—Beautiful clean, sulphur yellow, finest and clearest of yellow sorts; without any doubt this is the very best yellow variety yet introduced.
- Wild Rose**—Very bright rose or blush tint, exceedingly delicate and pretty. This variety needs only to be seen to be appreciated and we predict a great future for it. In its particular color it stands alone.

Equal number of each variety at following prices.

\$9.00 per 100. For trial: 1 each for 75c. 5 of each for \$3.50. A superb collection for the garden.

GLADIOLUS

GANDAVENSIS

"MAY."

The Two Most Valuable Cheap Gladiolus in Cultivation.

FOR CUT FLOWERS THEY ARE
UNSURPASSED.

May.

This Gladiolus being so very cheap, and so very handsome and valuable as a cut flower, should be most extensively planted by florists and others who grow for market. It makes a beautiful spike, compact and perfect, while the individual blossoms are of great substance and will stand shipping without bruising better than any other variety. Its color is one of the most attractive as well as one that is in greatest demand, being almost pure white, with markings of bright rosy crimson. It is a strong, healthy grower, and will give immense satisfaction in all localities and for all purposes. As an inexpensive variety we recommend it above all others with the possible exception of Ceres. First Size Bulbs—Per 100, \$2.00; per 1,000 \$15.00.

Ceres.

Another highly valuable variety for the cut flower trade. One of the best of the white or light colored class, a good free grower and fine bloomer. Fine bulbs, \$1.50 per 100; \$12.00 per 1,000.

Gladiolus Gandavensis.

Best Named Varieties. Ten Bulbs given at 100 Rate.

Mixed Lemoinei Gladioli.

We offer a splendid mixture of Gladiolus Lemoinei, all colors and varieties. More than 100 sorts. \$1.50 per 100. \$10 per 1000.

Gladiolus

“Sulphur King.”

This is by all odds the most valuable yellow variety ever introduced.

It produces a very long spike of the clearest sulphur yellow flowers yet seen in any Gladiolus.

As it becomes known there will be a great demand for it, as it fills the need for a sterling YELLOW variety.

\$15.00 per 100

| Elegans Robusta —Magnificent large flower; orange spotted black..... | 75 | 5 00 40 00 |

Lilium Hansonii

The above picture gives a good idea of the free-flowering qualities of this superb Lilium. The bulbs in this bed have been planted one to three years, and range in height from two to six feet, and present a very striking appearance. This lily is a native of Japan, and has always been high in price, but we have a stock of strong home-grown bulbs that will give splendid satisfaction, especially if planted in the Fall under conditions favorable to lilies. Bulbs, \$30.00 per 100.

Grand New Lilium, Golden Gleam

A seedling of that lovely Lily, Tenuifolium, and is identical to it in form, habit, brilliant lustre, etc., except in color which is a beautiful pure golden yellow.

75c. each. \$60.00 per 100.

Lilium Tenuifolium

The lovely Coral Lily of Siberia. A great beauty. The brightest of all Lilies. Grows 20 inches high, with finely cut foliage, slender stems and beautiful shaped flowers of a brilliant coral-red. One ought to grow them by the dozen, they are so fine for cutting, and make such grand clumps for the lawn. Blooms very early. Having grown an enormous stock of this exquisite Lily we are prepared to offer it at the exceedingly low price of \$5.00 per 100; \$40.00 per 1000.

Two Grand Speciosum Lilies

Henryi

(The Yellow Speciosum)

A splendid Lily from the mountains of China. It is a most vigorous Lily. Its flowers closely resemble those of *L. speciosum* in shape, but in color they are a handsome deep orange-yellow banded with green. It will thrive without any special care and produce a strong panicle of flowers. Like most other Lilies of the Speciosum class, it is well to cover it a little.

\$7.00 per Dozen. \$50.00 per 100.

Opal

We had thought that no Speciosum could exceed Melpomene, but this new Lily is even larger, grander, and if possible, more richly colored. Like the Opal, for which it is named, the eye drinks in its lovely tints with delight. To say that it is frosted, glistening white, delicately clouded with rosy scarlet, is to convey but a slight idea of its perfect loveliness. The deeply recurved petals are snowy white at the tip, gradually deepening in color to the base of each petal, which is blotched with a raised, moss-like fringe, which glistens like diamonds. The flower is very large.

\$4 00 per Dozen. \$25.00 per 100.

CHILDS' NEW CANNAS.

The Best Cannas.

The following are among the very best of the improved flowering Cannas, and will give great satisfaction.

- Allemania**—Enormous flower 6 inches across, petals 2½ inches wide. Bright yellow and orange-crimson, beautifully spotted and variegated. 5 feet.....\$ 3 00
- Burbank**—Enormous flowers, beautiful canary-yellow. Both in foliage and flower it is grand. 5 feet. 3 00
- Compte de Bouchard**—Golden yellow flowers spotted red. 4½ feet..... 3 00

Per 100

- Charles Henderson**—A free continuous bloomer; large, compact trusses of solid crimson flowers; blooms very late. 3½ ft. 3 00
- Dr. Nansen**—Yellow flowers; very fine. 3 feet..... 4 00
- Express**—Color scarlet-crimson; the clusters are large and compact; foliage green. Dwarf habit. 2 to 2½ feet..... 4 00
- Flamingo**—The color is intense and clear crimson; flowers are of large size and borne on immense trusses in great profusion. 3 feet... 3 00
- Gladiator**—Immense blossoms, light yellow spotted and variegated red. Very showy and strong grower. 5 feet 4 00
- Indiana**—Glistening golden orange daintily marked and striped red. Blooms 7 inches across. Extra fine. 6 feet..... 3 00
- King Humbert**—In this grand new Italian Canna we have a combination of the highest type of flower with the finest bronze foliage. Its flowers which, under ordinary cultivation, will measure 6 inches in diameter, and which are produced in heavy trusses of gigantic size, are of a brilliant orange-scarlet, with bright red markings, while the foliage is broad and massive and of a rich coppery bronze with brownish green markings. Bold and effective. Makes a gorgeous effect when planted in mass. 5 feet.. 6 00
- Louisiana**—A strong vigorous-growing variety, attaining a height of 7 feet, producing a dense mass of glossy green foliage and vivid scarlet flowers, often measuring 7 in. across. 4 00
- Mlle. Berat**—A grand bedding variety; habit vigorous; growth compact. Height 4 to 5 ft. Large, handsome trusses compactly filled with splendid flowers; color a unique shade of soft rosy carmine, or deep pink it might be called... 3 00
- Musafolia**—This is the finest foliage Canna yet seen, with enormous Musa-like leaves, 3x5 feet high of a dark green, bronze-tinged color, the edge of the leaves being beautifully banded with bronze-purple. In size and beauty of foliage it is a revelation, and makes a clump or single specimen plant for the lawn which no other foliage plant can approach. Attains a height of 8 feet, beautiful and symmetrical at every stage of growth, \$25.00 per 1000... 3 00
- New York**—5 feet. Dark bronze foliage, with the Orchid type of flowers. Will stand the hot sunshine as well as the toughest varieties of Cannas. Color is a solid rich scarlet covered with a glowing sheen. 5 00
- Pacific Beauty**—Very heavy, black foliage, striped and variegated. Flowers orange-crimson..... 5 00
- President McKinley**—A new crimson Canna. The flowers are deep, rich crimson. (2½ ft.)..... 3 00
- R. Wallace**—A new Canna, the largest and finest pure yellow grown. Enormous and color fine. 4 ft. 5 00
- Stadtrath Heidenreich**—A grand Canna similar in growth to King Humbert, which it closely resembles. Flowers glowing scarlet passing to carmine; foliage a deep bronze..... 10 00
- Wm. Bofinger**—Brightest and richest scarlet. 5 ft. 3 00

MIXED CANNAS FOR LARGE SHOW BEDS.

A mixture of the finest dwarf large flowering kinds, which will go well together, and make a magnificent bed or border of bright colors. We can thoroughly recommend this mixture. \$2.50 per 100; \$20. per 1,000.

IRIS.

Iris are among the most useful of hardy plants for using in the border or en masse.

*Our stock of both Japanese and German are home grown.
Pieces will average 2 eyes.*

IRIS KAEMPFERI OR JAPANESE.

DOUBLE

- EXCELSIOR—Shaded violet purple, slightly veined white. Center white and orange.
GOLD BOUND—Pure white, one of the best.
LA FAVORITE—Large fine white, freely veined blue.
MAHOGANY—Dark red shaded maroon.
ORIOLE—Rich plum, marked yellow.
PYRAMID—Lilac blue, veined, white center each petal.
SPOTTED BEAUTY—Wavy, double silky white, spotted with violet crimson.
VICTOR—White veined violet purple.

SINGLE

- APOLLO—Pure white, pink center.
GRANITE—Grayish white, overlaid blue.
H. VON SIEBOLDT—Reddish, veined white, yellow center. \$3.00 per 100.

- LAVENDER QUEEN—Fine lavender.
LOVELOCKS—Deep reddish purple, slightly veined white. Center white and yellow, satiny finish.
MIRAGE—Light pink, suffused with light blue.
MARS—Reddish purple, striped and blotched white.
ONDINE—White shaded light blue towards centre.
PLUME—White slightly suffused with blue, violet veins. Center deep lilac.
SNOWBOUND—Large pure white with golden bands.
TOLEDO—White, light purple center.

Variabilis--New.

- Extra large flowers with beautiful wavy petals, white and indigo blue suffused, blotched, striped and mottled. \$8.00 per 100.

Above named sorts (except where noted) \$6.00 per 100; \$50.00 per 1000.

Double and Single varieties mixed \$3.50 per 100; \$30.00 per 1000.

SEEDLINGS: Some beautiful colors, all very fine, \$4.00 per 100; \$30.00 per 1000.

Iris Pallida Dalmatica.

Claimed to be the noblest of all the Iris family, stems growing three to four feet with leaves 2 inches wide and 18 inches long. The flowers are very large, sky blue and fragrant. \$12.00 per 100.

Iris Germanica.

- ALVELREA—Upright petals light blue, falls brilliant purple, blue flaked and feathered.
CANDIAMUS—Light lavender; falls reddish purple.
FLORENTINA—Creamy white, fragrant and early; fine for cutting.
FRAGRANCE—White edged with blue; falls white with blue penciling.
HONORABLE—Intense yellow, falls a beautiful bronze. \$10.00 per 1000.
INNOCENCE—White, edged with blue.
MRS. H. DARWIN—Very fine large white.
MADAM CHEREAU—Pure white, edged with azure blue; falls deep white with blue penciling.

- NECLECTA—Upright, fine blue; falls deep blue. Large flower.
PEARL—Very light lavender, falls deep lavender.
PENELOPE—Uprights are nearly white, falls veined lively purple.
PARKMANI—Uprights pure lemon; falls white veined purple.
QUEEN OF THE GYPSIES—Dusky light bronze; falls purplish red.
SANS SOUCCI—Yellow, elegantly reticulated light maroon.
STENOPHYLLA—Self color, light blue shaded darker.
SOUVENIR—Uprights brilliant yellow; falls freely veined network of yellow, buff and purple.
VELVETEEN—Yellowish buff; falls intense plum purple.

Named varieties (except where noted) \$3.00 per 100; \$25.00 per 1000.

Mixed \$2.00 per 100; \$15.00 per 1000.

BULBOUS GRASS

A fine Ornamental Grass which grows from a small bulb that may be planted in the spring and lifted again in autumn like a Gladiolus. Of easy culture, one bulb forming a dense clump of beautiful striped green, white and pink foliage. It blooms towards the end of summer, producing pretty plumes, but the foliage itself, which keeps fresh all the season, is the most ornamental part. \$1.00 per 100; \$8.00 per 1000.

CHLIDANTHUS FRAGRANS.

One of the finest new bulbs now offered. Resembles an amaryllis, but starts growth and blooms as soon as potted; flowers are large, bright golden yellow, and borne in elegant clusters, deliciously sweet. Strong blooming size bulbs..... \$ 3 00, \$25 00

CALLA.

Aurata—(Lemon Calla)—New and fine, the flowers being a beautiful, light lemon yellow, with a jet black center, therefore very conspicuous and showy. Its foliage is large and handsome, deep green, freely spotted white. Makes a most superb pot plant..... 10 00

Elliottiana—This is the great new Yellow Calla of marvelous beauty. Flowers are large, rich, dark golden yellow, often 4 to 5 inches across the mouth; leaves are beautifully spotted with white. 15 00

**HYACINTHUS
CANDICANS.**

They contrast elegantly with *Gladiolus*. Planted anywhere, singly or in clumps, they are magnificent. For a cemetery nothing can be more beautiful or appropriate, and nothing thrives better in any situation. 1 to 2 inches, \$1.25 per 100; \$10.00 per 1000, 2 to 3 inches \$1.50 per 100; \$12.00 per 1000

The Great Ismene.

(*Ismene Calathena
Grandiflora*)

These who are familiar with the true Giant Ismene cannot say enough in praise of its beauty and purity. The flowers are of a very large size, like an *Amaryllis*, novel form and of snowy whiteness, and are also exceedingly fragrant. It is really one of the most lovely of all the great *Amaryllis* tribe, having a peculiar grandeur which one can appreciate at sight, but cannot describe. Bulbs are large and strong and begin to flower in two or three weeks after planting, sending up tall flower stems, which bear several of its magnificent blossoms. \$5.00 per 100; \$40.00 per 1000.

Elliottiana growing in field.

Per 100 1000

Mrs. Roosevelt—A new *Calla* with an elegant spotted leaf which is large and luxurious. Flowers white tinged with lemon and very beautiful. 10 00

Pentlandi—The newest of the Yellow *Callas*, the darkest and richest in color of them all. Its flowers are large and widely open and in all respects a glorious thing. We have only a few hundred bulbs, but they are large flowering size. \$50.00 per 100.

Rhemanni—Another new *Calla* which has created a sensation in Europe and sold as high as ten dollars each. It is a strong, free grower with large blossoms which are of a fine pink color. \$15.00 per 100.

Spotted—The well known *Richardia Albo Maculata*. \$3.00 per 100; \$25.00 per 1000.

COOPERIA.

Drummondii — (*Evening Star*). — White, fragrant. \$2.50 per 100; \$20.00 per 1000.

CRINUM.

Fimbriatulum—(*Milk and Wine Lily*)— \$3.00 per 100; \$75.00 per 1000.

Kirki—Soft delicate blush. \$12.00 per 100.

Ornatum — Pure white. \$12.00 per 100.

EUCHARIS AMAZONICA.

If there is a purer, sweeter, or more exquisitely beautiful flower than this we never have had the good fortune to see it. It is a bulbous plant, throwing up tall spikes on which are borne several very large, star-shaped flowers of the purest waxy whiteness and unexcelled fragrance. For chaste beauty it has no peer, and we are fortunate in being able to offer large flowering bulbs. \$12.00 per 100; \$100.00 per 1000.

GLOXINIA TUBIFLORA.

Flower-stems rise to the height of 2 feet, each bearing several large pure white blossoms 4 inches in length and of a peculiar and fascinating fragrance. \$5.00 per 100; \$40.00 per 1000.

ISMENE

Lycoris Squamigera

OR

Amaryllis Hallii

A perfectly hardy Amaryllis producing beautiful pink flowers.

Description — Lycoris Squamigera produces in early spring attractive green foliage which grows until July when it ripens off and disappears, and one not familiar with its habits would think the bulb had died, but about a month later as if by magic the flower stalks spring from the ground to a height of two or three feet, developing an umbel of large and beautiful lily-shaped flowers 3 to 4 inches across and from 8 to 12 in number, of a delicate lilac pink shaded with clear blue.

Culture—As the bulb is perfectly hardy without any protection it can be planted either in the Fall or Spring but we consider Fall the best time as the bulbs will have a splendid chance to get established before flowering time. Cover the crown about 4 inches.

Very useful for the border or among shrubbery.

Price for strong blooming bulbs, 20c. each; \$15.00 per 100; \$140.00 per 1000.

LYCORIS SQUAMIGERA.

MADEIRA VINES.

| | | |
|---------------------------------------|---------|---------|
| | Per 100 | 1000 |
| A most popular climber, strong roots. | \$ 1 00 | \$ 8 00 |

MILLA.

Biflora—(Mexican Star of Bethlehem)—One of the loveliest and most desirable bulbs. The flowers are nearly 2½ inches in diameter, of a pure waxy white color and usually borne in pairs; the petals are of great substance and will keep for days when cut. 2 50 20 00

MONTBRETIAS.

Hardy Summer-flowering, bulbous plants, with brightly colored flowers, borne on long, graceful spikes. Valuable for cutting. They should be planted in groups and left undisturbed.

| Rosea —Beautiful clear rose, flowers large and very handsome. One of the oldest and best; blooms all summer. | 2 00 | 15 00 |
| Sulphurea —Giant Flowered—This produces flowers as large as large Amaryllis, and on stems 15 to 24 inches in height. One of the clearest and finest shades of yellow we ever saw. The shape of the flower is perfection itself. It is one of the choicest. | 3 00 | 25 00 |
| Candida Improved —Pure white and the freest bloomer of all, though not so large. | 1 50 | 10 00 |
| Vercunda —Large pure white. Free bloomer. New and fine. | 3 00 | 25 00 |

A Few Hardy Perennials, Etc.

Arundo Donax.

VARIEGATA—A beautiful variegated form.
 Foliage creamy white and green.....\$5 00

Dwarf Hardy Aster.

ALPINUS—Indispensable for the rockery or edge of hardy border; grows 6 to 10 inches high, and bears large, showy blush-purple flowers in May and June..... 6 00 50 00

Daphne.

CNEORUM—A hardy shrub which trails over the ground in a most beautiful manner. Extra fine for any position, and being evergreen it is the most desirable plant we know for cemeteries. The plant is composed of spiral branches of dense evergreen leaves. The flowers are a lovely pink color, in clusters, and are borne profusely in early spring, and during summer and fall. 12 00

Dicentra Spectabilis.

BLEEDING HEART, or SEAL FLOWER—An old fashioned favorite; its long racemes of graceful heart-shaped flowers are always attractive. Is perfectly at home in any part of the hardy border, and especially valuable for planting in the shade..... 5 00 45 00

Funkia.

PLANTAIN LILY—The Plantain Lilies are among the easiest plants to manage; their broad, massive foliage makes them attractive subjects for the border even when not in flower. Variegated..... 4 00 35 00

Helleborus.

CHRISTMAS ROSE—Most valuable hardy plants on account of yielding with utmost freedom in very early spring, a season when flowers are scarce, their beautiful, large—two or three inches across—blossoms. They succeed in any ordinary garden soil in a sheltered semi-shaded situation..... 10 00

Hemerocallis.

FLAVA (*Yellow Day Lily*)—A most useful desirable herbaceous plant, producing its large, fragrant yellow flowers during July and August in the greatest profusion; the plants grow about 3 feet high..... 4 00 35 00

Platycoden.

(*Balloon Flower or Japanese Bell Flower.*)

MARIESI—Deep blue bell-shaped flowers nearly 3 inches across..... Per 100 \$ 8 00

Polygonatum Grandiflora.

A gigantic form of Solomon's Seal, so much like the Lily-of-the-Valley. It is a rich and vigorous pot plant for winter blooming and one that will give great satisfaction..... 3 00

Peonies.

Strong divisions, 2 to 3 eyes.

ACHILLE (Calot) — Sold by some as Marie Lemoinei; light pink, fading to pearl-white..... 10 00

DUCHESS DE NEMOURS (Calot) — Cup-shaped sulphur-white flowers, fading to pure white; a variety of exceptional merit..... 30 00

FRAGRANS or ANDRE LAURIES (Crousse) —Bright rose, very free late bloomer..... 7 00

HUMEI (Anderson)—Very large, compact and striking cherry-pink flower, cinnamon fragrance, late, fine for all purposes..... 10 00

FESTIVA MAXIMA (Mieliez, 1851) — Enormous, very full shell formed bloom, often 7 to 8 in. in diameter, on strong 3½ ft. stems; color snow white shading to delicate creamy white at base of petals, with occasional clear purple spot on edges of center petals; very fragrant. Undoubtedly the finest early white in existence. Early..... 20 00

LADY BRAMWELL (Kelway)—Compact vigorous habit; color delicate silvery pink, shaded with lilac and chamois, three nankeen petals tipped with crimson at the center; good keeper and shipper; fine bud. Largely grown for cut flowers. Late midseason..... 10 00

L' ESPERANCE—Clear beautiful pink..... 10 00

OFFICINALIS RUBRA—Crimson. Very early the first to flower..... 7 00

DOUBLE WHITE—Fine white varieties all large flowers..... 10 00

MIXED..... 6 00

Spireas.

GLADSTONE—No one can properly describe the beauty of this fine new Spirea with its great feathery plumes of white blossoms, two feet long. As a specimen pot plant it has no rival and is as easy to grow and flower in a pot as a geranium..... 8 00

CHINENSIS PINK—Much like the above but with lovely pink tinged sprays of bloom. Makes a splendid companion to the white sort..... 10 00

The Everblooming Tritoma Pfitzeri.

The greatest bedding plant ever introduced, surpassing the finest Cannas for attractiveness and brilliancy, equal to Gladiolus as a cut flower and blooms incessantly from June until December, regardless of frost. Plants are perfectly hardy in the open ground all winter south of Philadelphia: further north they must be protected or wintered in a cellar like the ordinary Tritoma. Just bury the roots in sand; nothing more is required. Should be planted out early in spring, and will commence growth and bloom at once, growing larger and finer every day. Plants show from 6 to 20 grand flower stalks all the time, each holding at a height of 3 to 4 feet a great cluster of flame-colored flowers of indescribable beauty and brilliancy. Fall frosts do not kill or stop its blooming, and it is as brilliant as ever long after all other garden flowers have been killed. For cutting it is unsurpassed, and the beautiful long spikes keep several weeks in water. Without a single exception, it is the most desirable garden flower. Strong plants, \$8.00 per 100; \$75.00 per 1000.

May Queen—A companion to Pfitzeri, producing tall flower stems on which are borne the great plume-like blossoms of rich yellow and flame color

Large plants, \$8.00 per 100; 75.00 per 1000.

Medium size, \$5.00 per 100; \$40.00 per 1000.

Goldelse—A charming dwarf variety and one of the earliest to bloom and continues to bloom very late.

Color. Pale golden yellow with red top: very attractive. \$15.00 per 100.

Leda—A very useful variety. Orange scarlet and a free bloomer. \$10.00 per 100.
